Text orders to 1-614-425-7297

To place an order you can photo copy the order form or cut it out. Fill out the form. Or if you prefer you can mail in the form. Our mailing address is listed on the bottom of the order form. If emailing is more convenient you can scan the form and email it to pam@paws2heaven.net.

Make sure you include your contact information as well as any special request you may have when submitting your order. Orders written on a piece of paper are acceptable as long as all the pertinent information is contained on the paper. Of course you can always call us or text at 1-614-425-7297 and we will be happy to place the order for you. Or answer any questions or concerns you may have.

We have a separate order form for our Etched In My Heart Marble Urn. The form walks you through step by step on all the available options and customization of these options. You may submit this order form by faxing, emailing or standard mail. Extra copies of this order form can be downloaded by going to www.Paws2Heaven.net/form.

If you need help filling out the form please give us a call and we will guide you through the process.

Many Pet Parents have questions on what saying to put on the nameplate or marble; this is something we deal with on a daily basis and talking it through with someone can help.

Please remember that you can always change the text after you receive your proof. For every personalized item such as Etched Marble, Nameplate or Engraved Tray you will receive a proof before the item is actually engraved. If you need to change the text, photo or border you can do so at that time. We do not do any final engraving until you are completely happy with the proofs.

Designing a Keepsake for your beloved companion can be a very healing experience and a wonderful way to honor your pet's memory by marking its existence here on Earth.

Paws2Heaven is not only about cherishing the memory of your pet, but also about treasuring and embracing their lives now. We thought we would share a little information on how the business started and what has become of it since. Paws2Heaven was developed in 2003 after the death of the owner's beloved cat, Benny. In addition to founding the business, the owner decided to establish a memorial fund in honor of her two late cats Benny and Monkey. The BenMonk Fund was created to support rescue and adoption shelters, as both Benny and Monkey were rescue animals. The proceeds from all donations to this fund are directed towards lowering the adoption prices for these animals in need.

In addition to aiding owners in remembering their beloved companions after they have passed, Paws2Heaven makes efforts to deliver pets with the opportunity to live the beautiful lives that they deserve. We believe that in helping these animals in need, owners can honor their fallen pets, and allow their memories to live on.

A portion of all our sales goes directly to the BenMonk Fund

Marble

Sample of Traditional
MarbleSample of Our Black
Onyx Marble

Our Black Onyx Marble, imported from Italy, is truly a work of art. Marble is a hard crystalline metamorphic form of limestone, commonly found having white with mottlings or streaks of color. This traditional marble has streaks running throughout the mineral making it unsuitable for engraving. Our marble does not contain any veins of color making it extremely rare due to the limited time before the phosphorus enhances veins. Polished to a glass like finish, this unique marble contains little to no veining allowing it to beautifully etched.

Our Athena Marble Urns are truly a work of art. The urn can be customized as much or a little as you like to reflect the bond you shared with your beloved companion.

Your pet's photo is etched on a high gloss marble giving the appearance of an extremely life like representation of your pet.

This marble is very rare and difficult to find as it contains no veining. Traditional marble contains white vertical lines referred to as veining. These lines are a result of phosphorus deposits. With our marble all you see is a high gloss finish with impeccable detailed engraving. Personalized inscription on the marble can be etched in Gold or Silver Tone inlay for a more brilliant contrast.

The Athena urn is made solely in America and individually handcrafted by a local wood maker from solid Walnut, Cherry or Maple American hardwood.

You may choose to have a Personalized Rainbow Bridge Poem engraved into a wooden memorial tray. The memorial tray can hold small items such as a collar or favorite toy. Photo frames can be engraved with your heart felt saying for further customization. Need a little help? We have over 24 poems and quotes to choose from. Celebrate your pet's life! Let us help you commemorate and preserve the memory of your pet; honor the bond you shared.

For the best engraving results a photo of 900dpi is ideal. We will design the entire layout for you, choosing the best format for the photo and text submitted. It is important to note that if your photo is out of focus we cannot focus the picture. You will receive a proof of the marble before it is engraved and at that time you can make any changes or corrections you desire. Design a one-of-a-kind memorial for the one who gave so much but asked for so little.
